Championship bouts are eight minutes long, divided into three periods -- first period 2 minutes, second and third periods 3 minutes. In tournaments, overtime consists of three 1-minute periods. Consolation bouts consist of three 2-minute periods.

The first period of each bout will start from a standing position. Second and third periods begin on the mat in the referee's position, contestants alternating in the positions of advantages each period.

A FALL is decided when either wrestler has held his opponent's shoulders to the mat for one second. This terminates the match.

A DECISION is awarded to the contestant who scores the greater number of points in a bout where no fall occurs. If there is a tie the contestants shall wrestle three extra periods of one minute each (consolation matches included), starting the first of these periods on the feet and conducting the entire overtime as in the regular match. In the event of a tie after completion of the overtime periods, a jury of two judges and the referee shall select the winner by ballot.

MATCH SCORING POINT SYSTEM

- TAKEDOWNS - Taking opponent to mat 2 points
- WITH ADVANTAGE 2 points
- ESCAPE - Defensive wrestler attaining a neutral position 1 point
- REVERSAL - Defensive wrestler comes from underneath and gains control of his opponent . 2 points
- PREDICAMENT - A predicament is a situation in which the offensive wrestler has control of his opponent in a pinning combination and a fall or near fall is imminent. 2 points
- NEAR FALL - A near fall is a position in which the offensive wrestler has his opponent in a pinning situation with both shoulders or the scapula area held in contact with the mat for less than one second or when one shoulder of the defensive wrestler is touching the mat and the other shoulder is held within one inch or less of the mat for two full seconds 3 points

TIME ADVANTAGE - The offensive wrestler who has control in an advantage position over his opponent is gaining time-advantage. A timekeeper assigned to each wrestler records his accumulated time-advantage throughout the match or a multiple timer may be permitted to record the time-advantage. At the end of the match the referee subtracts the lesser time-advantages from the greater. If the contestant with the greater time-advantage has less than one minute of net time-advantage, no point is awarded. If he has one full minute or more of net time-advantage he is awarded one point by the referee. If he has two full minutes or more of net time-advantage he is awarded two points by the referee. No contestant can be awarded more than two points for time-advantage in any one match. The contestant with the lesser time-advantage receives no points even though he accumulates several minutes of time in the advantage position.

FORFEIT - A forfeit is received by a wrestler when his opponent for any reason fails to appear for the match. In order to receive a forfeit, a wrestler must be dressed and appear on the mat.

DEFAULT - A default is awarded in a match when one of the wrestlers is unable to continue wrestling due to an injury.

DISQUALIFICATION - Disqualification is a situation in which a contestant is banned from further participation in accordance with prescribed penalties.

In the National Collegiate championships six places are awarded. The defeated wrestlers in the consolation semifinals shall wrestle off for the fifth and sixth places.

The loser in the final match automatically wins second place.

Wrestlers must wrestle at all times. Penalties are awarded by the referee under the point system for stalling, illegal holds and technical violations. Any hold for punishment alone is prohibited.
