HISTORY OF GAMMA PHI ETA

Gamma was founded three years ago to answer a need for another fraternity at Cortland State Teachers College. During the first six months of our existence, we met when and where we could. However, in the following September we moved into a rented house on West Court Street.

With the house established, we began to participate in Hellenic activities on campus. Our accomplishments this year have made us a recognized fraternity.

The sponsor of our house, Mr. John Baranello, is contemplating business elsewhere and is vacating the house. This gives us an opportunity to purchase the house. But due to the bank arrangements which call for collateral, we have put on a fund raising drive of which this show tonight is the climax.
